

## **ITALY, HUNGARY THE MOST SUCCESSFUL TEAMS IN INNSBRUCK – AUSTRIA**

After 2 years without competition for the European Young League Championships, 12 teams from the West Region were registered. After the Qualification Round, earlier this year, 10 teams were eligible to take part in the Qualification in Innsbruck (AUT).

48 young athletes from 5 nations travelled to Innsbruck in Austria together with their coaches to compete in four matches each during the week-end 27-29 May 2022. The Rifle and Pistol teams came from Austria, Czech Republic, Hungary, Italy and Spain

Excellent competition for the Italian Pistol Team was winning the 4 matches. They will be accompanied by Hungary and Spain to the Final in Budapest (HUN).

The Hungarian, Italian and Czech Rifle teams won 3 matches which qualified them to the Final in Budapest (HUN).

The 2<sup>nd</sup> edition of the SIUS European Youth League Championship was a great success.

The Austrian Shooting Sport Federation and Innsbruck shooting range for the fourth time proved to be very experienced organizer. We all enjoyed a wonderful view on the Alpen mountains and the sunny weather. The hospitality was just as warm and welcoming. All teams stayed in the Hotel Adler Betriebs in Wattens.

On behalf of the ESC Presidium I would like to express my warm thanks and appreciation to the Competition Manager Christian Kramer and Margit Melmer for excellent preparation.

It was a great pleasure to follow the exciting competitions during the week-end and I would like to congratulate all athletes. Not only those who can now look forward to the Final in Budapest (HUN). In fact, all participants deserve our appreciation – for excellent performance in friendship and fair play.

The final will take place in Budapest on 30 September to 2 October 2022

Ghislaine Briez  
West Region Manager
